Parts I and II**

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001**

**For reporting on
School Year 2012-13**

MONTANA

**PART I DUE FRIDAY, DECEMBER 20, 2013
PART II DUE FRIDAY, FEBRUARY 14, 2014**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2012-13 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2012-13 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 20, 2013**. Part II of the Report is due to the Department by **Friday, February 14, 2014**. Both Part I and Part II should reflect data from the SY 2012-13, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2012-13 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2012-13 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	4,050	2,398	59.21
4	3,978	2,339	58.80
5	3,988	2,438	61.13
6	3,401	1,912	56.22
7	3,040	1,828	60.13
8	3,173	1,655	52.16
High School	2,406	1,141	47.42
Total	24,036	13,711	57.04
Comments:			

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	4,040	3,120	77.23
4	3,964	2,954	74.52
5	3,987	3,103	77.83
6	3,400	2,737	80.50
7	3,037	2,303	75.83
8	3,169	2,439	76.96
High School	2,411	1,876	77.81
Total	24,008	18,532	77.19
Comments:			

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	4,741	3,583	75.57
4	4,667	3,373	72.27
5	4,618	3,459	74.90
6	4,954	3,353	67.68
7	5,029	3,678	73.14
8	5,162	3,471	67.24
High School	5,542	3,325	60.00
Total	34,713	24,242	69.84
Comments:			

2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	4,716	4,243	89.97
4	4,640	4,069	87.69
5	4,595	4,129	89.86
6	4,922	4,348	88.34
7	5,027	4,342	86.37
8	5,165	4,455	86.25
High School	5,539	4,748	85.72
Total	34,604	30,334	87.66
Comments:			

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (<i>IDEA</i>)	6,629
Limited English proficient students	3,025
Students who are homeless	1,105
Migratory students	124
Comments:	

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	12,650
Asian	362
Black or African American	571
Hispanic or Latino	2,394
Native Hawaiian or other Pacific Islander	163
White	37,091
Two or more races	1,492
Total	54,723
Comments:	

2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2	0	0	0	0	0
Age 3-5 (not Kindergarten)	4	892	52	0	948
K	533	4,565	80	13	5,191
1	782	4,481	67	7	5,337
2	862	4,262	72	7	5,203
3	757	4,097	64	13	4,931
4	784	4,025	75	22	4,906
5	606	4,040	57	23	4,726
6	641	3,434	52	21	4,148
7	659	3,086	50	18	3,813
8	630	3,218	41	25	3,914
9	1,203	2,648	35	135	4,021
10	676	2,468	28	90	3,262
11	509	2,309	20	73	2,911
12	379	2,173	8	33	2,593
Ungraded	0	0	0	50	50
TOTALS	9,025	45,698	701	530	55,954

Comments:

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

TAS instructional service	# Students Served
Mathematics	5,361
Reading/language arts	5,641
Science	186
Social studies	147
Vocational/career	1
Other instructional services	239
Comments:	

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

TAS Support Service	# Students Served
Health, dental, and eye care	0
Supporting guidance/advocacy	0
Other support services	27
Comments:	

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	239	
Paraprofessionals ¹	183	85.00
Other paraprofessionals (translators, parental involvement, computer assistance) ²	21	
Clerical support staff	3	
Administrators (non-clerical)	10	
Comments:		

FAQs on staff information

- a. What is a "*paraprofessional*?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
 - (a) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
 - (b) Providing assistance with classroom management, such as organizing instructional and other materials;
 - (c) Providing assistance in a computer laboratory;
 - (d) Conducting parental involvement activities;
 - (e) Providing support in a library or media center;
 - (f) Acting as a translator; or
 - (g) Providing instructional services to students.
- b. What is an "other paraprofessional?" Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

¹ Consistent with ESEA, Title I, Section 1119(g)(2).

² Consistent with ESEA, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	775.20	88.00
Comments:		

³ Consistent with *ESEA*, Title I, Section 1119(g)(2).

2.1.4 Parental Involvement Reservation Under Title I, Part A

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2012 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

Parental Involvement Reservation	LEAs that Received a Federal Fiscal Year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of \$500,000 or less	LEAs that Received a Federal fiscal year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of more than \$500,000
Number of LEAs*	357	17
Sum of the amount reserved by LEAs for parental Involvement	70,656	395,448
Sum of LEAs' FY 2012 Title I, Part A allocations	2,601,309	16,885,839
Percentage of LEA's FY 2012 Title I, Part A allocations reserved for parental involvement	2.70	2.30

*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2012 Title I, Part A allocation.

In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2012–2013.

This response is limited to 8,000 characters.

--

2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2012 through August 31, 2013. This section is composed of the following subsections:

- Population data of eligible migrant children
- Academic data of eligible migrant students
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year
- School data
- Project data
- Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2012 through August 31, 2013. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2011 v August 31, 2012), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

Comments: There are no such concerns about the Child Count Data or the underlying eligibility decisions on which the counts are based. Extensive training for all recruiters, directors and data entry staff, as well as outside -re-interviewing ensure the quality of the Child Count for the MT MEP.

2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013. This figure includes all eligible migrant children who may or may not have

participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

Comments:	

2.3.1.1.1 Category 1 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10 percent.

The response is limited to 8,000 characters.

Comments: The 2012-13 Category 1 Child Count represents a slightly more than 10% increase from the previous year as a result of increased mobility and demand in agricultural labor. 1,072 children ages 3-21 were identified in this performance year; 968 children were identified in the previous performance year.

2.3.1.1.2 Birth through Two Child Count

In the table below, enter the unduplicated statewide number of **eligible** migrant children from age birth through age 2 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013.

Age/Grade	Eligible Migrant Children
Age birth through 2	68
Comments:	

2.3.1.2 Category 2 Child Count (Eligible Migrant Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the **summer term or during intersession periods** that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- Children who received only referred services (non-MEP funded).

2.3.1.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

Comments: The Category 2 Count represents a slight increase in the number of eligible migrant students served with 842 students reported during the summer months of 2013, or 4 more children due to changes in mobility patterns.

2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- Children who received only referred services (non-MEP funded).

Age/Grade	Eligible Migrant Children Served by the MEP During the Summer/Intersession Term

2.3.1.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

2.3.1.3.1 Student Information System

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

Student Information System	(Yes/No)
NGS	Yes
MIS 2000	No
COEStar	No
MAPS	No
Other Student Information System. Please identify the system:	No

Student Information System	(Yes/No)
Was the Category 2 child count for this performance period generated using the same system?	Yes

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

2.3.1.3.2 Data Collection and Management Procedures

In the space below, please respond to the following question:

Data Collection and Management Procedures	(Yes/No)
Does the State collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	Yes

2.3.1.3.3 Methods Used To Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- Children who were age 3 through 21
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- Children who – in the case of Category 2 – were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- Children counted once per age/grade level for each child count category
- Children two years of age that turned three years old during the performance period.

The response is limited to 8,000 characters.

Core eligibility, family history, and demographic data is collected by recruiters (trained by SEA personnel or consultants on an annual basis) through a direct family interview and documented on a Certificate of Eligibility (COE) which complies with all of the National COE requirements. Data is collected throughout the reporting period between September 1, 2012, and August 31, 2013.

Data are then entered into the NGS database by trained data entry personnel and reviewed by local and state data administrators. Project sites also use NGS to run data checks and various reports throughout the reporting period prior to submitting final data to the SEA. The data are organized within NGS to reflect all eligibility information required by statute and obtained during the interview which has been documented on the COE. Each COE is validated and checked for accuracy by the local project director and the SEA Data Administrator. The NGS query is programmed to count a student only once statewide in the Category 1 and Category 2 counts. In order to avoid duplication and to assure correct student identification, NGS creates a unique student identification (USID) number for each new student entered into the NGS centralized database. Before a new student record can be created, the system checks for duplication based on the student's last name or similar last name by using a system generated "wild card" prompt. The wild card prompt allows data entry personnel to check potential duplicate students by displaying students that have a range of similar information. Potential duplicates are then checked against additional fields such as first name, birth date, and parents' names. Any matches generate further review which is conducted by the data review team at the SEA. Once the data have been entered at the local and/or state level, they are crosschecked against paper copies of the COE by trained local personnel, and then, once again, at the SEA.

A child may not be enrolled in NGS without inputting a qualifying activity. The information in NGS is verified at the local and state levels to ensure that it matches the paper COE. The activity is validated according to the state's quality control processes.

NGS selects students for the unique student count based upon the enrollment period and federal eligibility criteria. This report counts each student once, based upon a unique USID, even if the student has multiple enrollment records within the reporting time period.

Selection Criteria

Below is a list of selection criteria used to create the unique student count:

- Regular and summer enrollments containing an enrollment and withdrawal date are included if the student was enrolled for at least one day during the reporting period.
- The student has a residency verification date within the school year.
- The student is between 3 years and 21 years 11 months old for at least one day during the reporting period.
- The student's most recent qualifying arrival date must be less than 36 months from the beginning of the reporting period.
- If the enrollment record has a termination date, the student must not be terminated prior to the beginning of the reporting period. Students who have graduated high school are NOT given new enrollments in NGS.
- For twelve-month counts, any type of eligible enrollment is counted.
- For the summer/intersession (Category 2) counts, the report includes enrollments with a summer or intersession type of enrollment.

Below is an example of the criteria used to gather the data from the database. For these examples, the YR1 and YR2 are used to represent the school year selection. For example, for the 2012-2013 school year option, YR1=2012 and YR2=2013. For the QAD criteria, YR3 represents a date three years prior to the school year date. In order for a student to be eligible for this count, he/she must have made a move within three years. For example, if we are using the school year 2012-2013, Yr3=2010. The data for the count is retrieved using the following criteria:

Enrollment Date Information:

- o the withdrawal date is between 9/1/YR1 and 8/31/YR2; OR
- o the enrollment date is between 9/1/YR1 and 8/31/YR2; OR
- o the residency verification date is between 9/1/YR1 and 8/31/YR2.
- The termination reason does not equal 'G' (Graduated), 'E' (GED) or 'D' (Deceased) and the termination date is greater than 8/31/YR1.

- The QAD greater than or equal to 9/1/YR3.
- Birth date Information:
 - o The student must be between 3 and 21 years 11 months old to be counted.

In the case of Category 2 children, only those in attendance or who are served by a mobile or in-orchard tutorial are counted as eligible children served. Children who are identified but who do not participate in any MEP funded services are not counted as part of the Category 2 count and considered to be residency only students.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED Facts data file?

The New Generation System (NGS) is a web-based interstate information network that communicates demographic, educational and health data on migrant students to educators and stake holders throughout the nation.

The NGS system is designed to capture educational and health data on migrant students. The system allows educators to record the movement of migrant students through the educational process by producing on-line records of a student's educational progress and health profile. Educators can generate a student transfer document to facilitate academic placement as the student transfers schools. NGS also allows educators to generate various student-level, management and Office of Migrant Education performance reports, and MSIX uploads. Highly trained staff understand the file specifications for EDEN and the CSPR so that member states' data can be transmitted flawlessly to state data contacts during the performance reporting period. In addition to reports and functions designed to ease day to day migrant data activities, the NGS also has an extensive management level report section dedicated solely to assist in preparing the CSPR. It provides complete student level reports used to account for all the migrant children in the ED Facts data files. Our experienced state staff review these reports periodically during the year and again before the CSPR is finalized to ensure the accuracy of the Eden file submission.

Use of MSIX to Verify Data Quality	(Yes/No)
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	No

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

We do not use MSIX to verify data quality at this time, particularly because of our intense interstate follow-up with Washington and Texas where we have access to source data.

2.3.1.3.4 Quality Control Processes

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	Yes
Do the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	Yes
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	Yes
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	Yes
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	Yes
Does the SEA review student attendance at summer/inter-session projects?	Yes
Does the SEA have both a local and state-level process for resolving eligibility questions?	Yes
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	Yes
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	Yes

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

Results	#
The number of eligibility determinations sampled.	30
The number of eligibility determinations sampled for which a re-interview was completed.	27
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	27

Describe any reasons children were determined ineligible in the re-interviewing process.

The response is limited to 8,000 characters.

No children were determined to be ineligible in the re-interviewing process.

Procedures	Yes/No
Was the sampling of eligible children random?	Yes
Was the sampling statewide?	No

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

As part of the ongoing quality control process that the SEA has crafted to ensure the accuracy of the state's MEP eligibility determinations, policy was established which conforms with the Prospective Re-Interviewing regulation (Section 200.89(b)(2) which states that these re-interviews are conducted annually on current year eligibility determinations using a small sample size of randomly selected COEs. The actual number of COEs selected for re-interviewing depends upon the number of children in the project and the type of mobility patterns to which the families conform according to the guidance provided. For the 2012-13 performance period, the data quality team determined that a stratified random sample of 30 COEs selected through a sequence generator using the resources of random.org and the MT COE numbers for each of the families would be completed for children residing in a particular geographical area in Washington and would be performed by a paid outside contractor who is fluent in Spanish and trained in re-interviewing protocols. Our objective was for the contractor to at least complete 25 of the re-interviews.

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

Because the re-interviewer was able to complete 27 interviews from the initial batch of 30 COEs randomly provided, we did not have to provide additional COEs for sampling replacements for nonresponses. If we would have needed to do so, the same stratified, randomly selected methodology would have been utilized.

Obtaining Data From Families	
Check the applicable box to indicate how the re-interviews were conducted	
Face-to-face re-interviews	
Phone Interviews	
Both	
Obtaining Data From Families	
	Yes/No
Was there a standard instrument used?	Yes
Was there a protocol for verifying all information used in making the original eligibility determination?	Yes
Were re-interviewers trained and provided instruments?	Yes
Did the recruitment personnel who made the initial eligibility determinations also conduct the re-interviews with the same families?	No
When were the most recent independent re-interviews completed (i.e., interviewers were neither SEA or LOA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	(MM/YY) 12/13

If you did conduct independent re-interviews in this performance period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

An out-of-state independent contractor was hired to perform the re-interviews. The contractor was given and understood the MTMEP protocols for re-interviewing and the maintenance of independent findings and confidentiality. No SEA or LOA staff or anyone responsible for administering the MTMEP or making the initial determinations was part of the re-interviewing process.

The second part of the MT MEP's two-prong approach to re-interviewing and data quality control concentrates on the MT MEP's most mobile population with current qualifying moves. This approach includes sending copies of MT COES for all Washington based migrant children to the Washington State Migrant Student Data and Records (MSDR) office to Washington for their review. Washington state trained recruiters use data from these COEs in locating families in Washington and conducting their initial interviewing process as well as a quality control process. The chart below details the number of migrant students from Washington and other states who migrated to the Flathead Valley in order for their parents to harvest cherries:

Number of kids identified in Polson 2013 -- 547

1.Number of kids who participated in summer 2012 -- 547

2.Number of kids from WA -- 515

3.Break down of cities in WA from which kids came

4.Number and Name of other states and cities from which kids came

Interstate Migration Statistics for the Flathead Lake MEP

States that Flathead Lake MEP student Migrate from

(states with = 3 students)

State Number of Students

California 18

Montana 5

Oregon 5

Washington 515

School Districts in California State

(districts with = 3 students)

School District(City) Number of Students

Norwalk 3

Pasco 11
Porterville 5
Prescott 4
Prosser 20
Quincy 3
Selah 5
Sunnyside 132
Toppenish 20
Wapato 50
Yakima 36

Sunnyside was chosen as the site for the random stratification for reinterviewing since it constitutes the largest single area in Washington state from which families migrate to Montana.

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migrant children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

No discrepancies were found in the re-interviewing process conducted in 2013, so no corrective actions were required as a result of the process.

2.3.2 Eligible Migrant Children

2.3.2.1 Priority for Services

In the table below, provide the unduplicated number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	30

FAQ on Dropouts:

How is "drop outs of school" defined? The term used for students, who, during the performance period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2011-12 performance period should be classified NOT as "drop-outs" but as "out-of-school youth."

2.3.2.8.2 GED

In the table below, provide the total unduplicated number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your State.

Obtained GED	#
Obtained a GED in your State During the Performance Period	6
Comments:	

2.3.3 MEP Participation Data – Regular School Year

The following questions collect data about the participation of migrant children in MEP-funded services during the regular school year.

Participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Eligible migrant children and children who continued to receive MEP-funded services: (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation [e.g., children served under the continuation of services authority, Section 1304(e) (1–3)].

Do not include:

- Children who were served through a Title I Schoolwide Program (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were only served during the summer/intersession term.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1 MEP Children Served During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Total	432	3

Comments: Concomitant increases in supplemental services, such as counseling, in the geographical areas where more at-risk students were found.

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.4 MEP Participation – Summer/Intersession Term

The questions in this subsection are similar to the questions in the previous section with one difference. The questions in this subsection collect data on the **summer/intersession term** instead of the regular school year.

2.3.4.1 MEP Students Served During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the summer/intersession term. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Summer/Intersession Term
Age Birth through 2	53
Age 3 through 5 (not Kindergarten)	123
K	48
1	53
2	53
3	43
4	54
5	63
6	51
7	63
8	83
9	59

11	60
12	8
Ungraded	3
Out-of-school	20
Total	887

Comments:

2.3.4.2 Priority for Services – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who have been classified as having "priority for services" and who received MEP- funded instructional or support services during the summer/intersession term. The total is calculated automatically.

Age/Grade	Priority for Services During the Summer/Intersession Term
Age 3 through 5	27
K	35
1	35
2	43
3	42
4	47
5	51
6	39
7	48

Out-of-school	12
Total	600
Comments:	

2.3.4.4 Instructional Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received any type of MEP-funded instructional service during the summer/intersession term. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Instructional Service During the Summer/Intersession Term
Age birth through 2	7
Age 3 through 5 (not Kindergarten)	72
K	26
1	32
2	28
3	31

Comments:	

2.3.4.4.1 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction During the Summer/ Intersession Term	Mathematics Instruction During the Summer/ Intersession Term	High School Credit Accrual During the Summer/ Intersession Term
Age birth through 2	0	0	
Age 3 through 5 (not Kindergarten)	10	46	
K	23	25	
1	27	32	
2	25	27

Comments:			

FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.4.4.2 Support Services with Breakout for Counseling Service – During the Summer/Intersession Term

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Support Services During the Summer/Intersession Term	Breakout of Counseling Service During the Summer/Intersession Term
Age birth through 2	53	0
Age 3 through 5 (not Kindergarten)	123	0
K	48	0

2.3.6 School Data - During the Regular School Year

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.6.1 Schools and Enrollment - During the Regular School Year

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migrant children	138
Number of eligible migrant children enrolled in those schools	471
Comments: The Montana OPI's state data base, AIM, tracks intra-state mobility as students move among school districts in the state during the regular school term. The ability to use AIM to track students' intrastate mobility resulted in more schools being identified where migrant students had moved throughout the regular term. The increase in student numbers was a result of enhanced ID and R practices. We had not used AIM for intrastate mobility tracking in the previous year.	

2.3.6.2 Schools Where MEP Funds Were Consolidated in School Wide Programs (SWP) – During the Regular School Year

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments:	

2.3.7 MEP Project Data

The following questions collect data on MEP projects.

2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year - school day only	0	0
Regular school year - school day/extended day	0	0
Summer/intersession only	3	615
Year round	4	553
Comments:		

FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.8 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.8.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

State Director FTE	1.00
Comments: FTE is 40 hours a week. The state director is Angela Branz-Spall.	

FAQs on the MEP State director

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the performance period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a Statewide basis.

2.3.8.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers	2	1	34	31
Counselors	1	1	1	1
All paraprofessionals	6	3	34	34
Recruiters	3	2	9	5
Records transfer staff	4	2	9	4
Administrators	4	2	6	4
Comments:				

Note: The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPP as 9.

FAQs on MEP staff:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- g. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

2.3.8.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Type of Professional funded by MEP	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified Paraprofessionals	6	3.10	34	34.00
Comments:				

FAQs on qualified paraprofessionals:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.

- b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of *ESEA*).

2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2012 through June 30, 2013.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	0	0
Juvenile corrections	2	223
Adult corrections	1	260
Other	0	0
Total	3	
Comments:		

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	0
Juvenile Detention	0
Juvenile Corrections	2
Adult Corrections	1
Other	0
Total	3
Comments:	

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served			127	19	
Total Long Term Students Served			124	15	

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Students with disabilities (IDEA)			18	6	
LEP Students			0	0	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaskan Native			25	5	
Asian			0	0	
Black or African American			3	0	
Hispanic or Latino			0	0	
Native Hawaiian or other Pacific Islander			0	0	
White			83	14	
Two or more races			16	0	
Total			127	19	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male			104	19	
Female			23	0	
Total			127	19	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5			0	0	
6			0	0	
7			0	0	
8			0	0	
9			0	0	
10			0	0	
11			0	0	
12			0	0	
13			0	0	
14			2	0	
15			14	0	
16			28	0	
17			83	0	
18			0	1	
19			0	6	
20			0	6	
21			0	6	
Total			127	19	

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

Comments: We do not have numbers to input in Table 1, Rows 1 and 2 because our Subpart 1 programs are only juvenile corrections and adult corrections.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.3.1 Transition Services in Subpart 1

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?			Yes	Yes	
Number of students receiving transition services that address further schooling and/or employment.			95	19	

This response is limited to 4,000 characters.

Comments: Data on student outcomes after exit cannot be tracked due to state law. We do not have numbers to input in Table 1, Row 2 because our Subpart 1 programs are only juvenile corrections and adult corrections.

2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	Neglected Programs		Juvenile Detention		Juvenile Corrections		Adult Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school					104	42				
Earned high school course credits					104	35				
Enrolled in a GED program					29	4	19			
Earned a GED					23	1	10			
Obtained high school diploma					2					
Accepted and/or enrolled into post-secondary education					1	3				
Enrolled in job training courses/programs					10					
Obtained employment					4	13				

This response is limited to 4,000 characters.

Comments: No comment

2.4.1.6 Academic Performance – Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry			86	9	
Long-term students who have complete pre- and post-test results (data)			122	12	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams			27	3	
No change in grade level from the pre- to post-test exams			28	1	
Improvement up to one full grade level from the pre- to post-test exams			28	3	
Improvement of more than one full grade level from the pre- to post-test exams			39	5	
Comments: We do not have numbers to input in Table 1, Row 2 because our Subpart 1 programs are only juvenile corrections and adult corrections.					

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry			95	14	
Long-term students who have complete pre- and post-test results (data)			101	13	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams			21	0	
No change in grade level from the pre- to post-test exams			19	5	
Improvement up to one full grade level from the pre- to post-test exams			31	4	
Improvement of more than one full grade level from the pre- to post-test exams			30	4	
Comments: We do not have numbers to input in Table 1, Row 2 because our Subpart 1 programs are only juvenile corrections and adult corrections.					

2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	3	74
Neglected programs	4	22
Juvenile detention	4	11
Juvenile corrections	2	91
Other	2	80
Total	15	
Comments:		

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	3
Neglected programs	4
Juvenile detention	4
Juvenile corrections	2
Other	2
Total	15
Comments:	

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served	152	148	666	129	90
Total Long Term Students Served	31	1	0	70	21

Student Subgroups	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Students with disabilities (IDEA)	26	0	29	7	3
LEP Students	0	0	1	0	0

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native	22	39	311	82	26
Asian	1	1	3	0	0
Black or African American	3	2	16	2	4
Hispanic or Latino	5	4	30	5	2
Native Hawaiian or other Pacific Islander	0	0	0	0	1
White	107	96	306	40	55
Two or more races	14	6	0	0	2
Total	152	148	666	129	90

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male	99	83	434	113	53
Female	53	65	232	16	37
Total	152	148	666	129	90

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3-5	0	35	0	0	0
6	0	27	0	0	0
7	0	21	0	0	0
8	0	20	0	0	0
9	0	13	0	0	0
10	2	10	3	0	0
11	0	6	9	0	1
12	4	1	29	0	5
13	17	3	39	0	8
14	26	4	80	4	10
15	25	2	110	10	22
16	44	3	192	22	26
17	30	2	204	44	16
18	4	1	0	9	2
19	0	0	0	16	0
20	0	0	0	17	0
21	0	0	0	7	0

Total	152	148	666	129	90
-------	-----	-----	-----	-----	----

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.2.3.1 Transition Services in Subpart 2

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?	Yes	Yes	No	Yes	Yes
Number of students receiving transition services that address further schooling and/or employment.	14			60	8

This response is limited to 4,000 characters.

Comments: Data on student outcomes after exit cannot be tracked due to state law.

2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	At-Risk Programs		Neglected Programs		Juvenile Detention		Juvenile Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school	137	26	94	13			14	10	58	20
Earned high school course credits	108		12				68	6	41	15
Enrolled in a GED program	8						6		10	7
Earned a GED	6						3			1
Obtained high school diploma	3						9		1	2
Accepted and/or enrolled into post-secondary education	2						2			
Enrolled in job training courses/programs	3						110			
Obtained employment									2	4

This response is limited to 4,000 characters.

Comments: No comment

2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below. Reporting pre- and post-test data for at-risk students in the tables below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	14	0	0	11	0
Long-term students who have complete pre- and post-test results (data)	15	1	0	20	0

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0		2	
No change in grade level from the pre- to post-test exams	1	0		5	
Improvement up to one full grade level from the pre- to post-test exams	13	1		6	
Improvement of more than one full grade level from the pre- to post-test exams	1	0		7	
Comments: The data in table 1 row 2 is correct. DATA VERIFICATION COMMENT FOR 2.4.2.6.1: We do not have any long-term students in juvenile detention in Montana. We do not have any students in "Other Programs."					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre-posttest data for at-risk programs required? No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	14	0	0	11	0
Long-term students who have complete pre- and post-test results (data)	15	1	0	20	0

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0		2	
No change in grade level from the pre- to post-test exams	0	0		5	
Improvement up to one full grade level from the pre- to post-test exams	12	1		7	
Improvement of more than one full grade level from the pre- to post-test exams	3	0		6	
Comments: The data in table 1 row 2 is correct.					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.7 SAFE AND DRUG FREE SCHOOLS AND COMMUNITIES ACT (TITLE IV, PART A)

This section collects data on student behaviors under the *Safe and Drug-Free Schools and Communities Act*.

2.7.1 Performance Measures

In the table below, provide actual performance data.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
Percent of students that carried a weapon on school property during the past 30 days.	TRBS	Biennial	2013	2010-11: 2010-11	2010-11: HS: 9.3% GR7-8: 5.5%	2002	2002
				2011-12: NA	2011-12: NA		
				2012-13: 2012-13	2012-13: HS: 9.9% GR7-8: 4.4%		
				2013-14: 2013-14			
				2014-15: 2014-15			

Comments: The collection source for the data is from the Youth Risk Behavior Survey (YRBS), which was taken February 26-28, 2013. The survey provides weighted data for Montana high school and middle school students regarding health risk behaviors.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
Percent of students that were in a physical fight on school property during the past 12 months.	YRBS	Biennial	2013	2010-11: 2010-11	2010-11: HS: 9.1% GR7-8: 14.6%	2002	2002
				2011-12: NA	2011-12: NA		
				2012-13: 2012-13	2012-13: HS: 7.3% GR7-8: 14.6%		
				2013-14: 2013-14			
				2014-15: 2014-15			

Comments: The collection source for the data is from the Youth Risk Behavior Survey (YRBS), which was taken February 26-28, 2013. The survey provides weighted data for Montana high school and middle school students regarding health risk behaviors.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
				2010-11: 2010-11	2010-11: HS: 25.2% GR7-8: 7.3%		
				2011-12: NA	2011-12: NA		
				2012-	2012-13: HS:		

Percent of students that were offered, sold, or given an illegal drug on school property during the past 12 months.	YRBS	Biennial	2013	13: 2012-13	22.8% GR7-8: 13.1%	2002	2002
				2013-14: 2013-14			
				2014-15: 2014-15			

Comments: The collection source for the data is from the Youth Risk Behavior Survey (YRBS), which was taken February 26-28, 2013. The survey provides weighted data for Montana high school and middle school students regarding health risk behaviors.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
Number of persistently dangerous schools.	School Discipline Report	Annual	2013	2010-11: 0	2010-11: 0	2002	2002
				2011-12: 0	2011-12: 0		
				2012-13: 0	2012-13: 0		
				2013-14: 0			
				2014-15: 0			

Comments: The School Discipline Report provides data for Indicator 4; schools submit data electronically by July 1 each year. The School Discipline Report was modified for the 2003-2004 reporting period, which will result in more accurate reporting of specific offenses, but may also affect aggregate data in specific fields for the first few years. Annual training, telephone, and personal technical assistance are provided to increase the accuracy of the discipline numbers reported.

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or consumption of intoxicating alcoholic beverages or substances represented as alcohol. Suspicion of being under the influence of alcohol may be included if it results in disciplinary action.
Illicit drug related	Unlawful use, cultivation, manufacture, distribution, sale, solicitation, purchase, possession, transportation, or importation of any controlled drug (e.g., Demerol, morphine) or narcotic substance. Possession, use, distribution, or sale of tobacco products.
Violent incident without physical injury	<p>Fighting (mutual altercation): Mutual participation in an incident involving physical violence where there is no major injury.</p> <p>Harassment, bullying, intimidation (non-sexual): Repeatedly annoying or attacking a student or group of students or other personnel which creates an intimidating or hostile educational or work environment. Examples: bullying or hazing.</p> <p>Kidnapping: Unlawful seizure, transportation, and/or detention of a person against his/her will, or of a minor without the consent of his/her custodial parent(s) or legal guardian. This category includes hostage-taking.</p> <p>Physical altercation, minor: Confrontation, tussle, or physical aggression that does not result in injury. Offenses could include pushing or shoving.</p> <p>School threat (of destruction or harm): Any threat (verbal, written, or electronic) by a person to bomb or use other substances or devices for the purpose of exploding, burning, causing damage to a school building or school property, or to harm students or staff. Example: bomb threat.</p> <p>Threat/intimidation: Physical, verbal, written, or electronic action toward an individual that immediately creates fear or harm without displaying a weapon and without subjecting the victim to actual physical attack.</p>
Violent incident with physical injury	<p>Homicide: Killing a human being.</p> <p>Sexual battery: Oral, anal, or vaginal penetration forcibly or against the person's will or where the victim is incapable of giving consent. Includes rape, fondling, indecent liberties, child molestation, and sodomy.</p> <p>Robbery involving physical harm: The taking of, or attempting to take, anything of value that is owned by another person or organization under confrontational circumstances by force or threat of force or violence and/or by putting the victim in fear. A key difference between robbery and theft is that the threat of physical harm or actual physical harm is involved in a robbery.</p> <p>Aggravated assault (battery): Touching or striking of another person against his or her will or intentionally causing bodily harm to an individual. This category should be used when the attack is serious enough to warrant calling the police or security or when serious bodily harm occurs. Examples: Striking that causes bleeding, broken nose, kicking while a student is down.</p>
Weapons possession	<p>Handgun: The weapon involved is a handgun or pistol. Must result in an expulsion hearing before the Board of Trustees.</p> <p>Shotgun/rifle: The weapon involved is a shotgun or rifle. Must result in an expulsion hearing before the Board of Trustees.</p> <p>Other firearms: The weapon involved is another type of firearm not named above, including zip guns, starter guns, and flare guns. Must result in an expulsion hearing before the Board of Trustees. As defined by the Gun-Free Schools Act, other firearms include:</p> <ul style="list-style-type: none"> • Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of any explosive; • The frame or receiver of any weapon described above; • Any firearm muffler or firearm silencer; and

• Any destructive device, which includes:

o Any explosive, incendiary (e.g., bomb, grenade), or poison gas;

o Any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter; and

o Any combination of parts either designed or intended for use in converting any device into any destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled.

Knife, blade 2.5 inches or greater: The weapon involved is a knife with a blade of at least 2.5 inches in length or greater than 2.5 inches in length.

Dangerous weapon: A weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such a term does not include a pocket knife with a blade of less than 2.5 inches in length.

Comments:

2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	938	81
6 through 8	1,236	100
9 through 12	774	84
Comments:		

2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	2	1
6 through 8	9	5
9 through 12	10	7
Comments:		

2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	96	29
6 through 8	124	31
9 through 12	94	32
Comments:		

2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	1	1
6 through 8	6	5
9 through 12	4	4
Comments:		

2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	40	17
6 through 8	44	26
9 through 12	60	24
Comments:		

2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5	0	0
6 through 8	4	4
9 through 12	8	7
Comments:		

2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on alcohol-related incidents.

2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	0	0
6 through 8	39	15
9 through 12	131	33
Comments:		

2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	0	0
6 through 8	14	7
9 through 12	26	16
Comments:		

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
<u>Yes</u>	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
<u>Yes</u>	Training and technical assistance to LEAs on recruiting and involving parents
<u>No</u>	State requirement that parents must be included on LEA advisory councils
<u>Yes</u>	State and local parent training, meetings, conferences, and workshops
<u>No</u>	Parent involvement in State-level advisory groups
<u>No</u>	Parent involvement in school-based teams or community coalitions
<u>Yes</u>	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
<u>Yes</u>	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
<u>No</u>	Other Specify 1
<u>No</u>	Other Specify 2

In the space below, specify 'other' parental activities.

The response is limited to 8,000 characters.

No other.

2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	4
Educational technology, including software and hardware as described in Title II, Part D	5
Parental involvement activities	0
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	3
Activities authorized under Title I, Part A	17
Activities authorized under Title III (Language instruction for LEP and immigrant students)	0
Comments:	

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

Montana funds all RLIS-eligible districts by formula and every year the number and the names of those districts change.

In order to find commonality, only those who were consistently in the RLIS program are reported here. Although Anaconda HS, Beaverhead HS, Corvallis K-12 Schools, Deer Lodge Elementary, Dillon Elementary, East Helena Elementary, Evergreen Elementary, Hamilton K-12 Schools, Hardin HS, Havre Elementary, Kalispell Elementary, Polson Elementary and HS, and Wolf Point HS were funded in 2012-13, they were only in the program for a short time so no trend line is evident.

Since 2004, there have been five LEAs consistently eligible for the RLIS program and each has increased the number of students in the Proficient and Advanced in both reading and mathematics. For each of these LEAs, the change from 2004 to 2012 is listed below.

GOAL 1: ALL STUDENTS WILL ATTAIN PROFICIENCY OR BETTER IN READING AND MATHEMATICS.

Cut Bank Elementary increased from 54% to 85% proficient or better in reading, an increase of 31%, and increased from 53% to 72% proficient or better in mathematics, an increase of 19%.

Hardin Elementary increased from 33% to 59% proficient or better in reading, an increase of 26%, and increased from 29% to 39% proficient or better in mathematics, an increase of 10%.

Libby K-12 Schools increased from 63% to 80.5% proficient or better in reading, an increase of 21.5%, and increased from 59% proficient or better in mathematics to 63%, a increase of 4%.

Ronan Elementary increased from 48 to 74.5% proficient or better in reading, an increase of 26.5%, and increased from 41% to 52.7% proficient or better in mathematics, an increase of 11.7%.

Wolf Point Elementary increased from 35% to 63.5% proficient or better in reading, an increase of 28.5% and increased from 16% to 33.6% proficient or better in mathematics, an increase of 17.6

GOAL 3: ALL STUDENTS WILL BE TAUGHT BY HIGHLY QUALIFIED TEACHERS.

During the school year 2013-14, all of the five LEAs had 100% HQT.

GOAL 5: ALL STUDENTS WILL GRADUATE FROM HIGH SCHOOL.

All but one of the five LEAs improved their dropout rate and one held steady at a dropout rate of zero. For the first three years, drop out data was self-reported. Then, in 2007 the SEA contracted for a student information system that tracks individual students.

Cut Bank Elementary decreased the dropout rate from 1.2% in 2004 to 0% in 2012.

Hardin Elementary increased the dropout rate from 1.2% in 2004 to 2.2% in 2012.

Libby K-12 Schools decreased the dropout rate from 6.1% in 2004 to 2.9% in 2012, cutting their dropout rate by two-thirds.

Ronan held their dropout rate steady at 0.0% from 2004 to 2012.

Wolf Point Elementary increased their dropout rate from 0.0% in 2004 to 1.5% in 2012.

2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)**2.10.1 State Transferability of Funds**

In the table below, indicate whether the state transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section 6123(a) during SY 2012-13?	<u>No</u>
Comments:	

2.10.2 Local Educational Agency (LEA) Transferability of Funds

In the table below, indicate the number of LEAs that notified that state that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 6123(b).	4
Comments:	

2.10.2.1 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds FROM Eligible Program	# LEAs Transferring Funds TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	4	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		4

In the table below provide the total amount of FY 2012 appropriated funds transferred from and to each eligible program.

Program	Total Amount of Funds Transferred FROM Eligible Program	Total Amount of Funds Transferred TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	38,000.00	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0.00	0.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0.00	0.00
State Grants for Innovative Programs (Section 5112(a))	0.00	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs		38,000.00
Total	38,000.00	38,000.00
Comments:		

The Department plans to obtain information on the use of funds under both the State and LEA Transferability Authority through evaluation studies.

2.11 GRADUATION RATES ⁴

This section collects graduation rates.

2.11.1 Regulatory Adjusted Cohort Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2012-13). Below the table are FAQs about the data collected in this table.

Note: States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

Student Group	Graduation Rate
All Students	84.41
American Indian or Alaska Native	65.35
Asian or Pacific Islander	94.44
<i>Asian</i>	96.55
<i>Native Hawaiian or Other Pacific Islander</i>	85.71
Black or African American	76.77
Hispanic or Latino	79.22
White	87.04
Two or more races	
Children with disabilities (<i>IDEA</i>)	76.27
Limited English proficient (LEP) students	56.76
Economically disadvantaged students	74.54

FAQs on graduation rates:

What is the regulatory adjusted cohort graduation rate? For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

--

⁴ The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

2.12 LISTS OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED Facts and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

2.12.1 List of Schools for ESEA Flexibility States

2.12.1.1 List of Reward Schools

Instructions for States that identified reward schools⁶ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- If applicable, State-specific status in addition to reward (e.g., grade, star, or level)
- Whether the school was identified as a high progress or high performing reward school
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through 1003(a).
- Whether (yes or no) the school was provided assistance through 1003(g).

The data for this question are reported through ED Facts files and compiled in the EDEN030 "List of Reward Schools" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN030 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁶ The definition of reward schools is provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.2 List of Priority and Focus Schools

Instructions for States that identified priority and focus schools⁸ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Status for SY 2013-14 (Use one of the following status designations: priority or focus)
- If applicable, State-specific status in addition to priority or focus (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN031 "List of Priority and Focus Schools" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN031 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁸ The definitions of priority and focus schools are provided in the document titled, *ESEA Flexibility*. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.3 List of Other Identified Schools

Instructions for States that identified non- priority, focus, or reward schools⁹ with State-specific statuses under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- State-specific designation (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through ED Facts files and compiled in the EDEN032 "List of Other Identified Schools" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN032 report in ERS and verify that the state's data are correct . The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁹ The definitions of reward, priority, and focus schools are provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>.

2.12.2 List of Schools for All Other States

2.12.2.1 Instructions for States that identified schools for improvement, corrective action, or restructuring under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's Accountability Plan
- Whether the school met the graduation rate target for high schools (if applicable) in accordance with the State's Accountability Plan
- Status for SY 2013-14 (Use one of the following status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing))¹⁰
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through ED Facts files and compiled in the EDEN033 "List of Schools Identified for Improvement" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN033 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹⁰ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

2.12.3 List of Districts for ESEA Flexibility States

2.12.3.1 List of Identified Districts with State Specific Statuses

Instructions for States that identified school districts with State-specific statuses under ESEA Flexibility for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the reading/language arts assessment Whether the district met the proficiency target in mathematics in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- Whether the district met the graduation rate for high schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- State-specific status for SY 2013-14 (e.g., grade, star, or level)
- Whether the district received Title I funds.

The data for this question are reported through EDFacts files and compiled in the EDEN034 "List of Identified Districts with State Specific Statuse's report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN034 report in ERS and verify that the state's data are correct . The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

2.12.4 List of Districts for All Other States

2.12.4.1 List of Districts Identified for Improvement

Instructions for States that identified school districts for improvement or corrective action¹¹ under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district met the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2013-14 (Use one of the following improvement status designations: Improvement or Corrective Action)
- Whether the district received Title I funds.

The data for this question are reported through ED Facts files and compiled in the EDEN035 "List of Districts Identified for Improvement" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN035 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.
